

Sponsorship - fundraising pages

Everyclick now provides the perfect one stop solution to company fundraising initiatives.

Everyclick has launched a Sponsorship service which enables your staff to launch appeals, build fundraising pages and attract and manage sponsorship, pledges and donations.

Whether it's for an individual, team or company initiative Everyclick Sponsorship lets you see who's giving, track progress, spread the word, invite donations and post a 'widget' to any webpage, blog or profile.

There are no upfront or ongoing fees for users or their chosen charity.

Everyclick Sponsorship has lower processing costs than comparable services, so more of the money raised gets to charity.
